

11th Annual White Rose Evening Silent Auction:

Lutheran Hospice is more than just a facility, it is a space that offers peace and comfort for those embarking on end-of-life's journey. For over 30 years, patients and families have come to depend on Lutheran Hospice for its personalized, compassionate end-of-life care. With our team of highly trained nurses, board certified physicians, pharmacists, chaplains and volunteers patients can receive expert care - wherever they call home. By providing dignity and support to thousands of patients and families each year, Lutheran Hospice delivers comfort and peace to all who use our services.

The White Rose Evening is a celebration of life as we remember those who have touched our lives and supported our loved ones and community through hospice care. Guests will have the opportunity to bid on unique auction items and offerings in our silent auction at the White Rose Evening on Thursday, August 11th from 5:30-8:30 pm. **By donating an item to the silent auction, you are offering everyone in our community the right to choose a meaningful and quality life every step of the way. An auction item valued at \$100 can provide bereavement support to a family following the loss of a loved one.**

Your gift will create impact

Lutheran Hospice provides end-of-life services at Collier Hospice Center or wherever a patient calls home. These programs are created to meet the needs of those with life limiting illness and support those who love them. Your gift helps to create compassion, comfort and serenity for patients and their families. Your support also allows us to help those with limited or no medical coverage who are unable to pay for care themselves.

Those contributing an auction item will be recognized on our online auction platform, listed as the donor at the event and on the Lutheran Medical Center Foundation website. **The Foundation is a 501 (C)(3), Federal ID #20-8846152 non-profit organization and your donation is tax-deductible as allowed by law.**
